**SKU:** 1229228

**DIMENSIONS:** H: 18" • W: 7" • D: 4"

**FINISH:** charcoal & white porous stone (varies)

Mid-century modern style takes shape in this sculptural form. Stone aptly finished in a bold charcoal color features additional texture along its exterior to create an aspect that is both visual and tangible. Mounted on a white porous stone platform, this sculpture showcases like a work of art. A thin antique brass base adds a slightly upscale element to its overall organic composition. Finish will vary.
